# Design Principles

---

The Toumana icon system follows Apple and Airbnb design principles, creating a clean, warm, and welcoming visual language that reflects Mediterranean hospitality.

## Why Lucide Icons?

Characteristic	Apple/Airbnb Standard	Lucide Implementation
Stroke Weight	1.5-2px consistent	2px default
Stroke Caps	Rounded, friendly	Round linecap/linejoin
Style	Outlined default	Outlined with fill option
Geometry	Clean, minimal	Simple, recognizable
Warmth	Human, approachable	Soft rounded corners

# Size Scale

Five sizes aligned with the Toumana spacing system. Default size is 20px (md) for most UI elements.

Token	Size	Use Case	Tailwind
xs	14px	Badges, source indicators	w-3.5 h-3.5
sm	16px	Inline text, compact UI	w-4 h-4
md	20px	Buttons, navigation (default)	w-5 h-5
lg	24px	Stat cards, section headers	w-6 h-6
xl	32px	Empty states, modals	w-8 h-8

# Color Usage

## Icon States

State	Color	Hex	Style
Default	Gray 500	#6B7280	Outlined, 2px stroke
Hover	Gray 700	#374151	Outlined, 2px stroke
Active/Selected	Status Color	Contextual	Filled + darker outline, 2.5px stroke
Disabled	Gray 300	#D1D5DB	Outlined, 2px stroke

## Status Colors

## Active State Pattern

Active/selected icons use **fill + darker outline** with contextual status colors:

Status	Fill (500)	Outline (600)	Use Case
Success	#10B981	#059669	Confirmed, complete, selected
Warning	#F59E0B	#D97706	Pending, caution
Error	#EF4444	#DC2626	Failed, destructive
